

# It's your money!

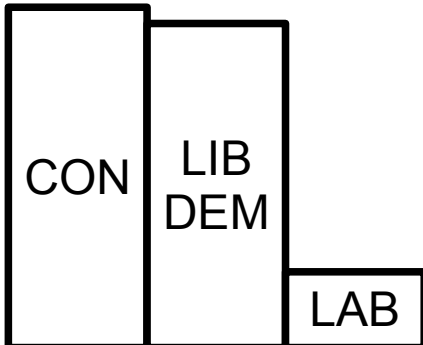

## Isn't it time you demanded better value?

Litter bins in communal areas are often insufficient and poorly maintained. We have met residents who have given up on the council and taken to moving the litter themselves!

Sidney House in Lane End has been empty for far too long. We say that you deserve an explanation, Steve and Neil are pressing for one!

### M40 Noise: We need action, not words!

Wycombe District Council recently passed the following motion:

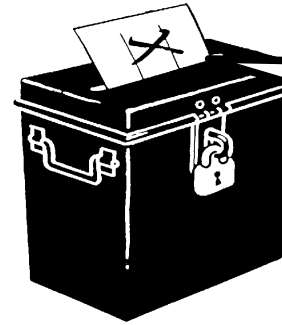

'This Council wishes to place on record, its serious concern at the level of noise produced by traffic on the M40 as it traverses the district and the blight this causes the communities that border the motorway. The Council considers that all practicable means should be taken by the Highways Agency to mitigate this noise and wishes to support local residents whose quality of life is affected by noise pollution in their campaign for the necessary works to be carried out.'

**Steve Guy says:** whilst the Liberal Democrats group supported the motion, it does not actually commit your Council to **do** anything! I believe that there are practical steps that the Council can take, and if elected I pledge to set up a delegation to meet with the Highways Agency and the M40 Chiltern Environmental Group to move this forward.

Wycombe Decides  
Thursday 3<sup>rd</sup> May  
7am – 10 pm

**Every vote will count in Lane End, West Wycombe and Piddington – make sure *your* voice is heard!**

Dear Voter,

Thank you for making us so welcome as we have been calling on you in this campaign. On Thursday, we have a real chance to send a message to Wycombe District Council that we want change. For too long, we have been taken for granted. We have met residents whose lives are blighted by the noise from the M40, and by litter left strewn about in residential areas. We have met people with mobility scooters who are still trapped in their homes because nothing has been done about footpaths blocked by parked cars. Many of you feel neglected by your Council. We say that it's time for a change. If you support us on Thursday, we promise to be more accountable, and more in touch. We can win in Chiltern Rise, but every vote will count!

With best wishes,

Steve Guy & Neil Timberlake

## Neil Timberlake

Is an expert on public transport, and has successfully persuaded Bucks County Council to modify services in this area to benefit local residents. Born and bred in Wycombe, he is keen to preserve our unique character and heritage. He already shows his commitment to the area as a West Wycombe Parish Councillor.

## West Wycombe Library

When the Conservatives on Bucks County Council tried to close West Wycombe Library, the Liberal Democrats, led by Neil Timberlake said no! Neil is now a director and librarian at the new West Wycombe Community Library

## Steve Guy

Is a School Governor and was a vocal campaigner for fair funding for Cressex Community School. Steve has recently been campaigning for free personal care for the elderly (something the Liberal Democrats have already achieved in Scotland). He is also campaigning to protect our local Post Offices which have been closing at an alarming rate.

**...just think how much more they could do if you elected them on Thursday!**
